Hey, Becky, quick question. My school's creative writing club published a book via Amazon. Would it be okay if I shared its title? The description of it includes the name of the school I go to...

@Brine How practical!

@Oncilla I was wondering if someone would recognize that! :D

@Twilight Poor Phil is overworked, he'll be passing his responsibilities onto his son soon.

@SeaQuake Sorry, I'm still waiting on an answer from our developers about being able to push a password reset to you main account. One of my other ideas involves deleting the alt account, would you be ok with that if we had to try it? Also, to clarify - do you remember your password for your main account but when you try to login it says something like "this account doesn't exist"? Or did you forget the password and tried to reset it but you're only receiving a reset for your alt account?

@Fantasy Well that's awesome!! Congrats on it being published! Are you in the creative writing club? I'm afraid if it has the name of your school in it, you can't share it :(

@Zane Arghh I still don't see it. Maybe you tried to submit it at a moment the forums had a brief outage or something, and it never made it to the filter.

Brrr-cky B- Did you get your idea for that prompt from the Slavic myth of Baba Yaga? Baba Yaga is a villanous witch in Slavic folklore who flew in a mortar and weileded a pestle as a weapon, she lived in a living hut that ran around screaming on giant chicken legs when Baba Yaga left.

**Specific troubleshooting stuff!**

@Fairydragon @SeaQuake and @Hiraeth, when you do a password reset, do you get an email with a list of all your accounts on that email? But then when you create a new password it only works for the most recently created account?

**Edit:**
No users accounts have been deleted. The issue stems from multiple accounts being created on the same email. Usually sites won't let you use the same email for multiple accounts (because it can cause issues like this :P), but we allow it because some households have multiple kids but only one parent email. I'm testing some things right now, I'll update here if I find something that works. Fair warning - it is very possible there is nothing we can do. I've already tried a lot of stuff that hasn't worked.

Something you can try if you remember your account name and password but the site isn't allowing you to login: try logging in on an incognito or private window of your browser. You can also try logging in using a different browser.

*[Question Corner]*

@Scientist I did! I was wondering if anyone would pick up on that!

@Zane It made it through the filter right? I think I found what you're talking about. If it made it through, and no one has reported it, it's fine.

@Fallon Let's see - it's possibly the phrase "don't deserve to stay alive." I know it's always annoying when I recommend this but you can also try splitting it in half, posting the first two paragraphs first.

@dragoncat9085 That would be pretty nifty! While the game we're building isn't exactly that, there are some aspects in it that are similar. There may or may not be outfits....that make you look like dragons.... (this is a total spoiler, don't tell anyone I told you)

*[Forum Prompts]*

At the center of the Town Square is a fountain. It is a deep, deep fountain, so deep when you peer into it you see no bottom. People have taken to jumping into it, as even though it is so deep, it never feels like you would sink to the bottom. In fact, it's impossible not to float in it. One day, as you're swimming in the fountain, you find a hat. Suddenly more and more items begin bubbling to the surface. Shoes, jewelry, gloves. Where are they coming from? How did they get down there?

*[Warnings]*

Dynasty, if you're just going to show up in other people's threads and be disrespectful to them then this forum isn't for you. You have a history of saying negative things towards other forumers - you've had your reasons and often I've understood them, but lately it seems pretty unprovoked. Either stop with the attitude or if this community no longer interests you, you should move on.
